Administrative change (transfer NA-TRS) of national authorisation for the biocidal product family HCl family A is approved

The Environment Agency of Iceland (Umhverfisstofnun) received your application for administrative change (transfer) of national authorisation for the biocidal product family HCl Family A on 2 October 2019. The case was accepted by the Agency on 1 October 2020.

The biocidal product family, HCl Family A, is authorised in Iceland with the authorisation number UST201610-115. This application for administrative change (transfer) of national authorisation is granted in exercise of the powers conferred by Articles 50(2) of Regulation (EU) No 528/2012 and Article 6(4) of Regulation (EU) No 354/2013 (on changes) in accordance with Article 1(1)(6) of Icelandic Regulation No 878/2014 on biocidal products, which implemented Regulation (EU) No 354/2013 into Icelandic legislation.

We hereby confirm that we approve the notification for transfer of the authorisation to a new holder established in the European Economic Area (EEA).

The notification concerns

- Transfer of the authorisation to RB Hygiene Home Nordic A/S.
as referred to in Section 1 of Title 1 of the Annex to Regulation (EU) No 354/2013.

Accordingly, the Environment Agency of Iceland has made the relevant changes to the Summary of Product Characteristics (SPC) under asset number IS-0016070-0000. The updated SPC is attached as Appendix 1 – the relevant criteria for the biocidal product family authorisation apply as described therein.

Sincerely

Hafdis Inga Ingvarsdóttir
