

**REGISTERED ACCREDITED STAKEHOLDER ORGANISATIONS
 REGARDED AS FULFILLING THE ELIGIBILITY CRITERIA
 AND INVITED TO PARTICIPATE IN WORK
 OF THE MEMBER STATE COMMITTEE^{1 2}**

Name	Description of activities as indicated in their application form	Main interest presented
Part 1 – Organisations that MSC agreed to be invited as MSC regular observers (organisations representing a large group of industry or other general interest)		
European Chemical Industry Council (CEFIC)	Represent Chemicals Industry at European level	Chemicals industry
European Council of producers and importers of paints, printing inks and artists' colours (CEPE)³	EU Trade Association representing paint, printing inks and artists' colours manufacturers from most of EU Member States	Environment, health, science, industry: Paints, printing inks & artists' colours
International Chemical Secretariat (ChemSec)⁴	Serves as an open forum for parties working for a more effective chemical control.	Open forum for parties working for a more effective chemical control
Client Earth⁴	European environmental organisation of activist lawyers working on a wide range of EU environmental and health legislation and regulation.	Environment, Health & Safety, Access to Justice and Transparency
Cruelty Free Europe⁵	Animal welfare organisation campaigning to bring animal experiments to an end across the European Union.	Animal welfare
Oil companies' European organisation for environment, health and safety (CONCAWE)	The oil companies' European organisation for environment, health and safety	Industry: Mineral oil refinery industry (downstream)

¹ The total number of ASO observers' seats is 14 (as MSC has 28 members, including Norway, i.e. 50% is 14 observer seats) which is divided in the following quotas: 7 seats assigned to the Industry quota (incl. General Interest/Sectorial Industry Organisations) and 7 seats assigned to the NGOs & trade unions quota (incl. trade unions, Environmental and Human health NGOs and Animal Welfare NGOs)

² In line with the General approach on the admission of observers from ECHA's accredited stakeholder organisations to the work of the Member State Committee:

http://echa.europa.eu/documents/10162/13578/general_approach_aso_in_msc_work_en.pdf

³ CEPE and FECC are invited to follow MSC work by applying a rotative participation in MSC meetings for one observer seat allocated to "Industry" quota

⁴ Environmental and Health Care NGOs (ChemSec, Client Earth, EEB, Greenpeace and HEAL) are invited to follow MSC work by applying a rotative participation in MSC meetings for the four observer seats allocated for "ENV & HH NGOs" quota

⁵ Animal Welfare NGOs (ECEAE, Eurogroup for Animals, HIS, PISC and Cruelty Free Europe) are invited to follow MSC work by applying a rotative participation in MSC meetings for the two observer seats allocated for "Animal Welfare" quota

Name	Description of activities as indicated in their application form	Main interest presented
European Association of Chemical Distributors (FECC) ³	Represents the interest of the European chemical distribution and trading industry. Its membership includes both national associations and companies throughout Europe	Trade, Industry: chemical distribution
European Coalition to End Animal Experiments (ECEAE) ⁵	Large coalition of European organisations campaigning peacefully against animal experiments	Animal welfare
European Environmental Bureau (EEB) ⁴	EEB works to promote the development of effective environmental legislation at the European level, as well as acting as a watchdog on implementation	Environment
Eurogroup for Animals ⁵	Animal welfare organisation recognised by the European Parliament and the Commission as representing animal welfare interest in many EU advisory committees and consultation bodies.	Animal Welfare
European Trade Union Confederation (ETUC)	Promote the common interests of workers at EU level	Workers
European Association of the Metals Industry (Eurometaux)	Representing the EU non Ferrous industry towards EU and international Bodies in all fields of policy and legislation	Trade, Industry
Greenpeace International ⁴	An independent global campaigning organisation that acts to change attitudes and behaviour, to protect and conserve the environment and to promote peace	Environment
Health and Environmental Alliance (HEAL) ⁴	Improve public health via environmental policies	Health, Consumers, Science, Environment
The Humane Society International (HSI) ⁵	One of the world's largest animal protection organisations. HSI is recognised in science-based policy work for the advancement of the '3Rs' in animal testing, and has been an influential player on a number of EU regulatory dossiers.	Animal Welfare
Only Representatives Organization Aisbl (ORO)	Trade association of mostly 'external' Only Representatives. They represent companies from most non-EU countries in the world and take over the REACH obligations from importers based in every single EU member State.	Only Representative Service Providers

Name	Description of activities as indicated in their application form	Main interest presented
Peta International Science Consortium (PISC) ⁵	PISC seeks to minimise animal testing for REACH by providing scientific and technical expertise in the use of non-animal methods and developing/promoting opportunities to reduce animal use in the context of ECHA's work and of member states and registrants.	Animal welfare
The European Association of Craft, Small and Medium-sized Enterprises (UEAPME)	Representation of interests of crafts and SMEs to the EU	Industry (SMEs)
Part 2 – Organisations that MSC agreed to be invited as occasional observers (organisations representing specific industry sector or other specific interest)		
Aerospace and Defence Industries Association of Europe (ASD)	Industry association	Aerospace and Defence Industries
Aqua Europa AISBL	Aqua Europa is the representative body for the supply chain of the European water and wastewater industry and consists of national trade bodies within the EU (plus the Water Quality Association of America as an Associate Member). In all, it represents some 1 700 companies in 13 associations.	Environment, Water industry
Association de l'Aviculture, de l'Industrie et du Commerce de Volailles dans les Pays de l'Union Européenne asbl (AVEC)	a.v.e.c.'s mission is to defend the interests of the poultry processors and the poultry export and import trade in the EU as well as protecting their rights and functions. The issues a.v.e.c. is dealing with relate to animal health and welfare, food safety, public health, labelling and (food) information to consumers, sustainability and international trade. Reinforcing the contacts between the member organisations and the national authorities and institutions of the European Union is essential.	Animal welfare, Environment, Health & Safety, Trade union, poultry meat industry
Association of European Adhesives and Sealants Manufacturers (FEICA)	Representation and advocating on behalf of the European adhesives and sealants industry	Industry
Association of Manufacturers and Formulators of Enzyme Products (AMFEP)	Having great interest in registration under REACH, implementation of CLP and biocidal product regulations, AMFEP is naturally very keen on being closely involved in the ECHA bodies and networks	Enzyme products

Name	Description of activities as indicated in their application form	Main interest presented
	to be able to receive first-hand information regarding latest regulatory developments impacting our products as well as to be able to provide our specific and very rare expertise when requested.	
Bureau of International recycling (BIR)	The Bureau of International Recycling (BIR) is the only global recycling industry association representing around 800 companies and 35 affiliated national recycling federations from 70 different countries. Its members are world leaders in the supply of raw materials and a key pillar for sustainable economic development.	Environment, Trade, Industry
Confederation of European Business (BusinessEurope)	Members are central industrial and employers federations from 33 countries working together to achieve growth and competitiveness in Europe. Promotes actively the role of Business in Europe.	Trade, Industry
Digital Europe	Voice of the European digital technology industry	Industry, Trade
Eurocolour	Umbrella organization for the manufacturers of pigments, dyes, fillers, frits, ceramic and glass colours and ceramic glazes in Europe.	Industry
European Alliance of Glass Industries (Glass Alliance Europe)	Umbrella association of the European glass industry (representation of the glass industry's interests with European/international institutions)	Industry
European Apparel and Textile Organisation (EURATEX)	Representing the European Apparel and textile Industry	Industry
European Association for Chemicals and Molecular Sciences (EuCheMS)	The European Association for Chemical and Molecular Sciences promotes cooperation in Europe between non-profit-making scientific and technical societies and professional institutions in the field of chemistry whose membership consists largely of individual qualified chemists/chemical scientists and whose interests include the science and/or practice of chemistry/ chemical sciences.	Environment, Science
European Association of Automotive Suppliers (CLEPA)	To represent and defend the interests of its members	Industry, Trade
European Atomic Forum (FORATOM)	FORATOM is a trade association for the nuclear energy in Europe. Its main purpose is to promote the use of nuclear energy in Europe representing the interests of this important and multi-faceted industrial sector.	Nuclear energy

Name	Description of activities as indicated in their application form	Main interest presented
European Automobile Manufacturers' Association (ACEA)	European Car Manufacturers' Association	Transport industry
European Cement Association (CEMBUREAU)	Representing the interests of the European cement industry	Cement Industry
European Centre for Ecotoxicology and Toxicology of Chemicals (ECETOC)	Promotion of quality science in the risk assessment of chemicals	Health, Consumers, Environment, Animal Welfare, Science, Industry: producers and users of chemical products
European Ceramic Industry Association (Cerame-Unie)	Representing the interests of the European ceramic industry	Ceramic industry
European Committee for Surface Treatment (CETS)	Supply of technology, chemicals and paint products to the surface treatment industry	Use of substances, Health & Safety
European Consensus Platform for 3R Alternatives to Animal Experimentation (ECOPA)	ECOPA platform represents Government and regulatory authorities, Academia, Industry, Animal protection and welfare organisations. The aims of ECOPA are to facilitate the exchange of scientific information, expertise and experience between national consensus platforms to enhance implementation of refinement, reduction and replacement in the EU and worldwide.	Animal welfare, Health & Safety, Science & Technology, Cosmetic, Chemicals, Pharmaceutical
European Copper Institute (ECI)	Represents the copper industry in Europe as part of the Copper Alliance, an international network of trade associations, a global platform whose mission is to work with their members to defend and grow markets for copper, based on its superior technical performance and its contribution to a higher quality of life.	Environment, Health & Safety, Trade union, Copper
European Crop Protection Association (ECPA)	Representing the interests of the crop protection industry at EU-level	Trade, Industry: Crop protection industry
European DIY Retail Association (EDRA)	EDRA is an international organisation representing home improvement retailers across the globe.	Retailing
European Electronic Component Manufacturers	EECA is representing the European Semiconductor Industry Association (ESIA) and European Passive Component industry association (EPCIA). EECA acts	Semiconductors, Passive components

Name	Description of activities as indicated in their application form	Main interest presented
Association (EECA)	as a sector umbrella representative organisation to the EU Commission, Parliament and Member states and EU agencies.	
European Federation for Cosmetic Ingredients (EFfCI)	Represents the European manufacturers of chemicals and natural ingredients for the cosmetics industry.	Cosmetics
European Federation of Allergy and Airways Diseases Patients' Association (EFA)	EFA represents patients with allergy, asthma, COPD and believes that patients' representatives should get involved to improve patients' quality of life. EFA develops and promotes long-term partnership with health professionals and scientists, industry and third sector organisations active in health, consumption and environment matters to ensure a holistic approach to policy changes	Environment, Health & Safety (activities concerning exposure to harmful chemical substances with direct impact on quality of daily life of patients with chronic diseases)
European Federation of Essential Oils (EFEO)	Representation of interest of traders and producers of essential oils i.a. used for fragrances/cosmetics and other industrial uses.	Trade and production of essential oils
European Industrial Minerals Association (IMA-Europe)	IMA-Europe, the European Industrial Minerals Association, is an umbrella organisation which brings together 11 European associations specific to individual minerals	Industry: Calcium carbonate, Borates, Vermiculite, Sepiolite, Wollastonite, Bentonite, Lime, Feldspar, Gypsum, Silica, Talc, Diatomite, Kaolin, Trade
European Metal Trade and Recycling Federation (Euometrec)	European metal trade and recycling federation representing the interests of non-ferrous scrap metal collectors, processors and traders	Environment, Trade, Industry
European Plastics Converters (EuPC)	Professional Association of the European Plastics Converters	Plastics Converting industry
European Precious Metals Federation aisbl (EPMF)	EPMF's REACH Consortium is the main interlocutor between registrants of precious metals and rhenium and their compounds and would hence be among the representatives of the sector if one or the other item related to these substances would appear on the Agenda of one of ECHA's committees/ guidance document reviews. We understand however that places are scarce and hence work a lot via Eurométaux too.	Precious Metals
European Professional Beekeepers Association	EPBA represents the interests of beekeepers, in particular of commercial and professional beekeepers, as well as the representation of relevant ecologic	Beekeeping

Name	Description of activities as indicated in their application form	Main interest presented
(EPBA)	interests in all fields, towards all competent authorities, institutions, politicians, media.	
European Sugar Industry (CEFS)	Represent the interests of all sugar producers in the EU	Sugar Industry
Federation Europeenne des fabricants de produits abrasifs (FEPA)	Non-profit organisation representing the European abrasives industry	Abrasives industry
Federation of European Toxicologists & European Societies of Toxicology (EUROTOX)	The mission of EUROTOX is to advance human, environmental and animal health by being the leading voice of toxicology in Europe	Science, Health
Fertilizers Europe	Non-profit association representing the majority of fertilizer producers in Europe	Fertilizers
Foreign Trade Association (FTA)	FTA has concrete knowledge on how substances are used in supply chains and in products by relying on the expertise of quality managers from almost 1900 retailers, brand-owners and importers.	Consumers, Environment, Trade
FuelsEurope	FuelsEurope aims to promote economically and environmentally sustainable refining, supply and use of petroleum products in the EU.	Health & Safety
Health Care without harm Europe (HCWH)	The main purpose of HCWH's work is to drive the healthcare sector across Europe to become environmentally sustainable and no longer a source of harm to the environment and ultimately to human health.	Human Health
International Fragrance Association (IFRA)	Represents the collective interests of the fragrance industry. As a global network IFRA acts encouraging dialogue whilst promoting the safety and benefits of the fragrance industry's products.	Fragrances
MedTech Europe AiSBL	A pan-European trade and product association representing medical technology manufacturers (diagnostics and medical devices) in Europe.	Medical devices, <i>In Vitro</i> Diagnostics
Nanotechnology Industries Association (NIA)	NIA is the global sector-independent, responsible voice for the industrial nanotechnologies supply chains	Nanotechnology
Photoinitiators Platform	The primary purpose of the association is to act as a single interlocutor vis-à-vis governments, agencies and other stakeholders in the framework of regulation and policy-making affecting	Consumers, Environment, Health & Safety, Science & Technology

Name	Description of activities as indicated in their application form	Main interest presented
	photoinitiators worldwide.	
Plastics Recyclers Europe (PRE)	Members of the association convert plastics waste streams into secondary raw material, where one needs to comply with REACH/CLP legislation with limited knowledge on the constituents of the material.	Environment, Health & Safety
PlasticsEurope	PlasticsEurope is one of the leading European trade associations which is networking with European and national plastics associations and has more than 100 member companies.	Plastics industry
Toy Industries of Europe (TIE)	TIE is the trade association serving as a discussion platform for the European toy industry. TIE provides information on the main issues, challenges and relevant legislative developments for the toy sector in Europe. TIE also helps to educate the toy sector about how to comply with relevant legislation.	Toy industries
Women in Europe for Common Future (WECF)	Safe chemicals for a toxic-free future for women and children.	Consumers, environment, health, trade union, science, industry: In view of REACH --> products With hazardous chemicals
