## Administrative information

### 1.1. Trade names of the product

Raid Ant & Cockroach Killer Powder
Raid Ant Killer Powder

### 1.2. Authorisation holder

<b>Name and address of the authorisation holder</b>	Name	SC Johnson Europe Sàrl
	Address	Z.A. la Piece 8 1180 Rolle Switzerland
<b>Authorisation number</b>	IE/BPA 70387	
<b>R4BP 3 asset reference number</b>	IE-0011410-0000	
<b>Date of the authorisation</b>	18/08/2016	
<b>Expiry date of the authorisation</b>	15/08/2026	

### 1.3. Manufacturer(s) of the biocidal products

<b>Name of the manufacturer</b>	SCJ EurAFNE LTD.
<b>Address of the manufacturer</b>	Frimley Green Road GU16 7AJ Camberley United Kingdom
<b>Location of manufacturing sites</b>	Sinapak SRL, Viale Industria e Artigianato 7 27049 Stradella Italy
	Deoflor SpA, Via Vespolate, 48 27030 Confienza PV Italy

### 1.4. Manufacturer(s) of the active substance(s)

<b>Active substance</b>	24 - deltamethrin
<b>Name of the manufacturer</b>	Bayer SAS
<b>Address of the manufacturer</b>	16 Rue Jean-Marie Leclair F-69266 Lyon Cedex France
<b>Location of manufacturing sites</b>	Bayer Plant See Annex I CAR for deltamethrin Vapi India

## 2. Product composition and formulation

### 2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
deltamethrin	(S)-a-cyano-3-phenoxybenzyl (1R,3R)-3-(2,2-dibromovinyl)-2,2-dimethylcyclopropane carboxylate	Active Substance	52918-63-5	258-256-6	0,05

### 2.2. Type of formulation

DP - Dustable powder
----------------------

## 3. Hazard and precautionary statements

<b>Hazard statements</b>	Very toxic to aquatic life with long lasting effects.
<b>Precautionary statements</b>	Dispose of contents to . Collect spillage.

## 4. Authorised use(s)

## 4.1 Use description

### Use 1 - Non professional use against crawling insects

<b>Product type</b>	PT18 - Insecticides, acaricides and products to control other arthropods (Pest control)
<b>Where relevant, an exact description of the authorised use</b>	For the control of ants and other crawling insects in and around domestic premises by: 1. Outdoor application to prevent ants from entering the home including application to hard surfaces such as doorsteps, window frames, air bricks and patios. 2. Indoor crack and crevice application to control ants, cockroaches and crawling insects
<b>Target organism(s) (including development stage)</b>	Scientific name: Hymenoptera: Formicidae: Common name: Ants Development stage: Adults  Scientific name: Blattodea: Common name: Cockroaches Development stage: Adults
<b>Field(s) of use</b>	Indoor  Outdoor  IV 1.3.2. Indoor use in/at household/private areas IV 2 Outdoor use (around the house)
<b>Application method(s)</b>	Dusting Powder - Apply at 3.5 g product/m <sup>2</sup> surface. When using outdoors, apply to a maximum surface area of 2 m <sup>2</sup> Reapply if necessary, after 12 weeks.
<b>Application rate(s) and frequencies</b>	3.5 g product/m <sup>2</sup> . When using outdoors, apply to a maximum surface area of 2 m <sup>2</sup> . Reapply if necessary, after 12 weeks. - 0.00 - Reapply if necessary, after 12 weeks
<b>Category(ies) of users</b>	General public (non-professional)
<b>Pack sizes and packaging material</b>	Bottle, Plastic: composite: , 100-250g  HDPE bottle with sprinkle cap, 100 – 250 g  see decision

#### 4.1.1 Use-specific instructions for use

For use as a powder treatment against ants, cockroaches and other crawling insects on surfaces and in cracks and crevices (indoors and outdoors around domestic premises).

Shake pack gently, remove cap and tilt the container (as per icon). To treat a surface area of 1 square metre gently squeeze the bottle 5 times, while moving in the direction to be treated, giving a total dose of 3.5g per square metre surface. One squeeze treats 0.2 m<sup>2</sup>.

When using outdoors, apply to a maximum surface area of 2 m<sup>2</sup>

If required use dry cleaning methods following indoor use of the product e.g. vacuuming.

Read label before use

Collect spillage

The product has been developed to effectively control cockroaches and ants. A powder formulation, dust particles are picked up by the insect. On most surfaces, with just 60 seconds of contact, ants and cockroaches will start dying within 30 minutes.

The product provides continuous protection and helps guard against re-infestations for up to 12 weeks. It can be used in the home, cellars, and dry outdoor areas

adjacent to buildings, e.g. paths, patios. Apply along runs, trails, cracks and crevices on doorsteps, window frames, air bricks. Leave product undisturbed and dry

for maximum effect. Reapply if necessary, after 12 weeks.

#### 4.1.2 Use-specific risk mitigation measures

Do not use where food, feed or water could become contaminated.

Keep out of reach of children

Exclude animals during application and prevent access to treated areas.

Wash hands and exposed skin before meals and after use. Keep in a safe place.

Remove or cover terraria, aquaria and animal cages before application.

Cover all water storage tanks before application.

Do not apply directly to animals.

#### 4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

First aid instructions:

Inhalation: Move to fresh air. If breathing is affected, get medical attention.

Skin contact: Rinse with plenty of water. Get medical attention if irritation develops and persists.

If medical advice is needed, have product container or label to hand

If swallowed: Call a poison centre or doctor/physician if you feel unwell

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Emergency measures to protect the environment

Spill control: Prevent the product from entering drains, watercourses and waterbodies. If this occurs inform their respective authorities.

Personal precautions: Avoid dust formation.

Environmental protection Clean residue from spill site.

#### 4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging

Product:

Do not dispose of waste into sewer.

Do not empty into drains

Do not contaminate watercourses or waterbodies with chemical or used container.

Contaminated packaging:

Do not re-use empty containers.

#### 4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage

Keep in a cool, dry place

Shelf life of 4 years.

Store in original container.

## 5. General directions for use

### 5.1. Instructions for use

For use as a powder treatment against ants, cockroaches and other crawling insects on surfaces and in cracks and crevices (indoors and outdoors around domestic premises).

Shake pack gently, remove cap and tilt the container (as per icon). To treat a surface area of 1 square metre gently squeeze the bottle 5 times, while moving in the direction to be treated, giving a total dose of 3.5g per square metre surface. One squeeze treats 0.2 m<sup>2</sup>.

When using outdoors, apply to a maximum surface area of 2 m<sup>2</sup>

If required use dry cleaning methods following indoor use of the product e.g. vacuuming.

Read label before use (P103)

The product has been developed to effectively control cockroaches and ants. A powder formulation

dust particles are picked up by the insect. On most surfaces, with just 60 seconds of contact, ants and cockroaches will start dying within 30 minutes.

The product provides continuous protection and helps guard against re-infestations for up to 12 weeks. It can be used in the home, cellars, and dry outdoor areas

adjacent to buildings, e.g. paths, patios. Apply along runs, trails, cracks and crevices on doorsteps, window frames, air bricks. Leave product undisturbed and dry

for maximum effect. Reapply if necessary, after 12 weeks. On most surfaces, within 60 seconds of contact, ants and cockroaches will start dying in 30 minutes.

Provides continued protection and helps guard against re-infestation for up to 12 weeks.

### 5.2. Risk mitigation measures

Do not use where food, feed or water could become contaminated.

Keep out of reach of children

Exclude animals during application and prevent access to treated areas.

Wash hands and exposed skin before meals and after use. Keep in a safe place.

Remove or cover terraria, aquaria and animal cages before application.

Cover all water storage tanks before application.

Do not apply directly to animals.

### 5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

First aid instructions:

Inhalation: Move to fresh air. If breathing is affected, get medical attention.

Skin contact: Rinse with plenty of water. Get medical attention if irritation develops and persists.

If medical advice is needed, have product container or label to hand.

If swallowed: Call a poison centre or doctor/physician if you feel unwell

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Emergency measures to protect the environment

Spill control: Prevent the product from entering drains, watercourses and waterbodies. If this occurs inform their respective authorities.

Personal precautions: Avoid dust formation.

Environmental protection Clean residue from spill site.

### 5.4. Instructions for safe disposal of the product and its packaging

Product:

Do not dispose of waste into sewer.

Do not empty into drains

Do not contaminate watercourses or waterbodies with chemical or used container.

Contaminated packaging:

Do not re-use empty containers.

### 5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

Keep in a cool, dryplace

Shelf life of 4years.

Store in original container.

## 6. Other information

P501 - Dispose of contents / container in accordance with local regulations.  
Poison Information: For information or to report a poisoning incident contact The National Poisons Information Centre, Beaumont Hospital, Dublin (01-8092166), retain the label for reference.
