On major changes of the national authorisation of the biocidal product Tanalith E 3475

Latvian Environment, Geology and Meteorology Centre (LEGMC) received an application submitted by **Arch Timber Protection Limited (M/I)** on 26 April 2017 for major changes via Register for Biocidal product (Case No. BC-LN031840-36) in accordance with Article 8 of *Commission Implementing Regulation (EU) No 354/2013 of 18 April 2013 on changes of biocidal products authorised in accordance with Regulation (EU) No 528/2012 of the European Parliament and of the Council* for the biocidal product **Tanalith E 3475** with authorisation number **LV/2015/MR/006**.

LEGMC has agreed with Product Assessment Report and Summary of Product Characteristics for *Tanalith E 3462* developed by the reference Member State – Netherlands, based on application for major changes.

Therefore, LEGMC has agreed with the following proposed major changes:

- Replacement of basic copper carbonate (CAS No. 12069-69-1; EC No. 235-113-6) with the active substance granulated copper (CAS No. Not allocated; EC No. Not allocated) in the current formula.

This letter is integral part of authorisation letter (No. 4-6/1451) issued by LEGMC on 16 July 2015.
