**Authorisation for the biocidal product family *Deosan Activate BPF based on Iodine* in Iceland, authorised by Union authorisation**

Regulation (EU) No 528/2012 concerning the making available on the market and use of biocidal products, is implemented into Icelandic legislation through the Icelandic Regulation No 878/2014 on biocidal products.

The Environment Agency of Iceland (Umhverfisstofnun) refers to Commission Implementing Regulation (EU) 2019/403 of 13 March 2019, granting a Union authorisation for the biocidal product family *Deosan Activate BPF based on Iodine*. When the Commission grants a Union authorisation or decides that a Union authorisation has not been granted, the EFTA states will, according to the EEA agreement Annex II Chapter XV point 12n (e), simultaneously and within 30 days of the Commission Act take corresponding decisions.

The Environment Agency of Iceland (Umhverfisstofnun) hereby grants authorisation for the biocidal product family *Deosan Activate BPF based on Iodine*, cf. Article 1(5)(e) of the Icelandic Biocides Regulation by publishing a summary of the decision in the Icelandic Government Gazette, *Lögbirtingablað*.

When placing the above mentioned biocidal product family on the market in Iceland, the products shall be labelled according to Article 69 of Regulation (EU) No 528/2012 and if the products are classified as hazardous according to Regulation (EU) No 1272/2008 (CLP), such labelling shall be in Icelandic (see section 6 of the Summary of Product Characteristics (SPC)).

Sincerely

*Hafdis Inga Ingvarsdóttir*
