**73<sup>rd</sup> Management Board meeting, 21 March 2024**

21 March 2024

## Appointment of Committee members

Action requested of the Management Board	
Take note of this cover document:	MB/06/2024
<b>Adopt</b>	A decision to renew the mandate of CASTELLI Stefano (IT) as member of SEAC.

### Issues for consideration

- If the Management Board (MB) renews this member, SEAC will have 31 members versus a potential capacity of 60 members (not including 4 co-opted members). Member States are strongly encouraged to nominate members to the ECHA committees in order to increase their working capacity.
- Each Member State may nominate maximum two candidates to membership of RAC and SEAC. The Executive Director establishes a list of nominees, which is published on the ECHA website. The MB then appoints the members of the Committee from this list.
- Committee Members should be appointed for their experience in performing the tasks specified in the REACH Regulation. The membership in the Committees is for a term of three years and is renewable.
- Member States were asked to make their nominations in accordance with the ECHA eligibility criteria. They also committed in writing to providing adequate scientific and technical resources to the nominated members and to enable them to use at least 50% of their working time for this task.

### Attachments

- Annex 1: Summary information about the person proposed for renewal
- Annex 2: Envisaged composition of SEAC after MB-73

21 March 2024

## Annex 1: Summary information about the persons proposed for renewal

MS	SEAC member	Expiry date of current 3-year term <sup>1</sup>	Feedback from the SEAC Chair
IT	CASTELLI Stefano	23/06/2024	Stefano Castelli has been a SEAC member since 2015. He is employed as a Senior Researcher in ENEA (National Agency for new technologies, energy and sustainable economic development). Over the years he has provided a strong and consistent contribution as rapporteur on AfAs, including some larger cases, and scrutinising other opinions. His declaration of interest does not raise any issues of concern, making him eligible for membership of the Committee.

<sup>1</sup> The new term of these members will start on the day after the expiry date of their current term.
