

Summary of product characteristics for a biocidal product

Product name: NEU 1170 H AF 28.0 g/L Nonanoic acid

Product type(s): PT02 - Disinfectants and algaecides not intended for direct application to humans or animals (Disinfectants)

Authorisation number: AT-0013884-BPF

R4BP 3 asset reference number: AT-0013884-0003

Administrative information

1.1. Trade names of the product

NEU 1170 H AF 28.0 g/L Finalsan AF Wege- & FugenRein

1.2. Authorisation holder

Name and address of the authorisation holder	Name	W. Neudorff GmbH KG
	Address	An der Mühle 3 31860 Emmerthal Germany
Authorisation number	AT-0013884-BPF 1-2	

R4BP 3 asset reference number	AT-0013884-0003
Date of the authorisation	11/07/2022
Expiry date of the authorisation	08/07/2032

1.3. Manufacturer(s) of the biocidal products

Name of the manufacturer	W. Neudorff GmbH KG
Address of the manufacturer	An der Mühle 3 31860 Emmerthal Germany
Location of manufacturing sites	Otto-Brenner-Straße 13-15 21337 Lüneburg Germany

1.4. Manufacturer(s) of the active substance(s)

Active substance	47 - Nonanoic acid, Pelargonic acid
Name of the manufacturer	W. Neudorff GmbH KG (Emery Oleochemicals LLC)
Address of the manufacturer	An der Mühle 3 31860 Emmerthal Germany
Location of manufacturing sites	Emery Oleochemicals LLC, 4900 Este Ave 45232-1446 Cincinnati, Ohio United States

2. Product composition and formulation

2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
Nonanoic acid, Pelargonic acid	Nonanoic acid	Active Substance	112-05-0	203-931-2	3,1
Ammonium hydroxide 25% solution	Ammonium hydroxide 25%	Non-active substance	1336-21-6	215-647-6	0
Propan-2-ol	Isopropanol	Non-active substance	67-63-0	200-661-7	2

2.2. Type of formulation

AL - Any other liquid

3. Hazard and precautionary statements

Hazard statements	
Precautionary statements	Keep out of reach of children.

4. Authorised use(s)

4.1 Use description

Use 1 - Use 6 Algae – professional and non-professional users -- spraying – outdoor – various surfaces

Product type	PT02 - Disinfectants and algaecides not intended for direct application to humans or animals (Disinfectants)
Where relevant, an exact description of the authorised use	Algaecide
Target organism(s) (including development stage)	Scientific name: Andere: Chlorophyta spp. Common name: Green algae Development stage: Scientific name: Chrysophyceae Common name: Yellow Algae Development stage: Scientific name: Lichens Common name: Lichens Development stage:
Field(s) of use	Outdoor Ready-to-use algaecide for use on various surfaces made of glass, wood, plastic, metal, stone, bitumen, terracotta or slate, (vertical and horizontal structures) like e.g. pavement, terraces, walls, facades, gravestone, pots, glasshouse, plastic tunnels, sports fields, fences or roof tiles.
Application method(s)	Method: Spraying Detailed description: Spraying with hand held trigger sprayer.
Application rate(s) and frequencies	Application Rate: Application rate: 2.98 g a.s./m ² Dilution (%): 0% Ready to use-product Number and timing of application: Frequency: 1-2 x per year (Use once. If re-infestation is detected, the application may be repeated, but do not apply more than two times per year.)
Category(ies) of users	Professional General public (non-professional)
Pack sizes and packaging material	<u>professional and non-professional</u> Container (HDPE) with spray cap (HDPE trigger sprayer): 500 mL to 5 L

4.1.1 Use-specific instructions for use

4.1.1 Use-specific instructions for use

Authorisation holder has to indicate the exact use instructions, e.g.:
NEU 1170 H AF 31.02 g/L: Use 90 mL product per m² to be treated.
NEU 1170 H AF 28.0 g/L: Use 100 mL product per m² to be treated.

[Concerning products that will be notified within the BPF, authorisation holder has to indicated the exact use instructions (use x mL product per m² to be treated") The instructions shall comply with the application rate expressed in g a.s./m².]

4.1.2 Use-specific risk mitigation measures

none

4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

none

4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging

none

4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage

none

5. General directions for use

5.1. Instructions for use

Comply with the instructions for use.

Application is recommended at temperatures >10°C.

100 mL spraying solution are needed per m² area to be treated.

Cover area adjacent to the treated objects with a impermeable cover (e.g. plastic foil, 0.5 m width).

Apply the spraying solution evenly from a distance of approximately 30 cm and make sure that the entire area affected by green cover is well wetted.

Remove and dispose the impermeable cover after treatment.

Allow the product to take effect for at least several days.

Green cover dries out after treatment.

Then, if necessary, brush off the dry green cover.

Do not use above or adjacent to surface waters.

Do not treat in rainy weather or on frozen surfaces.

5.2. Risk mitigation measures

The area adjacent to the treated surface shall be protected by an impermeable cover (width of 0.5 m) during application of the product.

N-131: Do not apply the product in case rain is expected within 24 hrs.

N-30, modified: Do not apply the product when there is wind, in order to avoid transfer to other areas by drift.

Do not rinse treated surfaces with water after application.

Areas covered by plants, which may have been exposed unintentionally shall be watered extensively in order to avoid any damage to plants.

Spray on dry contaminated surfaces evenly from a distance of about 30 cm until they are completely dampened. Do not apply more fluid than necessary and avoid that droplets runoff from surfaces during application.

N-315: Keep uninvolved persons, children and pets away from treated surfaces until dried.

5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

First aid instructions:

If medical advice is needed, have product container or label at hand.

IF SWALLOWED: If symptoms occur call a POISON CENTRE or a doctor.

IF INHALED: If symptoms occur call a POISON CENTRE or a doctor.

IF ON SKIN: Wash skin with water. If symptoms occur call a POISON CENTRE or a doctor.

IF IN EYES: If symptoms occur rinse with water. Remove contact lenses, if present and easy to do. Call a POISON CENTRE or a doctor.

Personal precautions:

Forms slippery surfaces with water. Carefully clean up spills, since product forms slippery surfaces with water.

Environmental precautions:

Dilute accidentally spilled residues with plenty of water.

Methods and material for containment and cleaning up:

Take up with absorbent material (e.g. sand, sawdust, general-purpose binder).

5.4. Instructions for safe disposal of the product and its packaging

Product residues, contaminated materials (including absorbent material or impermeable cover) and empty containers must be collected and disposed of in accordance with the national waste disposal legislation and any regional and/or local authority requirements.
N-37, modified: Do not discharge the biocidal product nor the application solution of the biocidal product into the sewage system or the environment.

5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

Store product at ambient temperature only in original container.

N-301: Do not store near food, drink and feed.

Protect from frost.

Keep out of reach of children and non-target animals/pets.

Stability during storage: at least 2 years.

6. Other information

The product contains Propan-2-ol, for which an acceptable exposure concentration of 52.6 ppm for professional user in air was agreed and is applicable for the authorised uses.

Inform the registration holder if the treatment is ineffective.
