1.2. Authorisation holder

Name and address of the authorisation holder	Name	Staphyt Regulatory
	Address	23 rue de Moeuvres 62860 Inchy en Artois France
Authorisation number	IE/BPA 70471	
R4BP 3 asset reference number	IE-0020385-0000	
Date of the authorisation	01/03/2019	
Expiry date of the authorisation	28/02/2029	

1.3. Manufacturer(s) of the biocidal products

Name of the manufacturer	Technical Textile Services Limited
Address of the manufacturer	Units 7 & 8, Rhodes Business Park, Silburn Way, Middleton M24 4NE Manchester United Kingdom
Location of manufacturing sites	Units 7 & 8, Rhodes Business Park, Silburn Way, Middleton M24 4NE Manchester United Kingdom

1.4. Manufacturer(s) of the active substance(s)

Active substance	1355 - Propan-2-ol
Name of the manufacturer	Brenntag GmbH
Address of the manufacturer	Stinnes Platz 1 45472 Mülheim an der Ruhr Germany
Location of manufacturing sites	Shell Nederland Raffinaderij B.V., Vondelingenweg, 601, Vondelingenenplaat 3196 KK Rotterdam Netherlands
	Exxon Mobil Chemical Plant, 4999 Scenic Highway, LA 70897 Baton Rouge United States

Active substance	1355 - Propan-2-ol
Name of the manufacturer	INEOS Solvents Germany GmbH
Address of the manufacturer	Römerstraße 733 47443 Moers Germany
Location of manufacturing sites	Römerstraße 733 47443 Moers Germany

Active substance	1355 - Propan-2-ol
Name of the manufacturer	Ecolab Deutschland GmbH
Address of the manufacturer	Ecolab-Allee 1 40789 Monheim am Rhein Germany
Location of manufacturing sites	Shell Nederland Raffinaderij B.V., Vondelingenweg, 601, Vondelingenenplaat 3196 KK Rotterdam Netherlands
	Exxon Mobil Chemical Plant, 4999 Scenic Highway LA 70897 Baton Rouge United States

2. Product composition and formulation

2.1. Qualitative and quantitative information on the composition of the biocidal product

Common name	IUPAC name	Function	CAS number	EC number	Content (%)
Propan-2-ol		Active Substance	67-63-0	200-661-7	70

2.2. Type of formulation

wipes

3. Hazard and precautionary statements

Hazard statements

Highly flammable liquid and vapour.

Causes serious eye irritation.

May cause drowsiness or dizziness.

Precautionary statements

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. - No smoking.

Avoid breathing vapours.

Wear protective gloves.

Wear protective clothing.

Wear eye protection.

Wear face protection.

Use only outdoors or in a well-ventilated area.

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Immediately call a POISON CENTER or doctor/physician.

If eye irritation persists: Get medical advice.

Store in a well-ventilated place. Keep container tightly closed.

4. Authorised use(s)

4.1 Use description

Use 1 - Wiping

Product type	PT02 - Disinfectants and algaecides not intended for direct application to humans or animals (Disinfectants)
Where relevant, an exact description of the authorised use	Indoor - for the disinfection of small areas of hard surface (door handles, cabinets, tables, worktops, etc.) and equipment (general equipment including telephones, trolleys, etc.) in care homes, hospitals and laboratories (medical area).
Target organism(s) (including development stage)	Scientific name: Bacteria Common name: Bacteria Development stage: Scientific name: Yeast Common name: Yeasts Development stage:
Field(s) of use	Indoor See above.
Application method(s)	Method: wiping Detailed description: 3 wipes per 0.5m ² of surface. 1 minute contact time.
Application rate(s) and frequencies	Application Rate: See above. Dilution (%): 100 Number and timing of application: 3 wipes per 0.5m ² of surface. 1 minute contact time.
Category(ies) of users	Trained professional Professional
Pack sizes and packaging material	<ul style="list-style-type: none">• HDPE tub containing 200 impregnated wipes – 656g• Laminated pouch (PE interior, PETP exterior) containing 200 impregnated wipes - 644 g

4.1.1 Use-specific instructions for use

Apply the pre-impregnated wipe uniformly on the surface to be treated in sufficient quantity (3 wipes for 0.5m²) and leave for the required contact time. Let the surfaces dry.
Close the tub or pouch after use of the wipes.

4.1.2 Use-specific risk mitigation measures

For professional use only.
The COSHH (Control of Substances Hazardous to Health) Regulations 2002 (as amended) apply to the use of this product at work. The product must be used in accordance with the label.
Handle only in well-ventilated areas.
Provide adequate ventilation to avoid build-up of vapours.
Do not smoke, eat or drink where the product is used or stored.
Always wash hands and exposed skin before meals and after handling.

4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

First aid instructions,:

- In case of eye contact: Rinse immediately with plenty of water for several minutes holding the eyelids open. Remove contact lenses, if present and easy to do. Seek medical attention if irritation or symptoms persist.
- In case of inhalation: Remove the patient to fresh air and keep warm and at rest in a position comfortable for breathing. Seek medical attention if irritation or symptoms persist.
- In case of skin contact: Wash off immediately with plenty of soap and water. Seek medical attention if irritation or symptoms persist.
- In case of ingestion: rinse the mouth with water. Do not induce vomiting. Seek medical attention.
- Medical professionals should contact The National Poisons Information Centre, Beaumont Hospital, Dublin (01-8092166), for further advice.

Emergency measures to protect environment in case of accident:

- Do not allow product to enter drains. Do not flush into surface water.
- Collect the spilled material in identified containers with tight lids for waste disposal.
- Eliminate all sources of ignition. Ensure adequate ventilation of the working area.
- Avoid contact with skin and eyes.
- Surfaces contaminated with the product will become slippery.

4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging

Recycle or dispose of waste in compliance with current legislation, preferably via a certified collector or company. Contact a licensed waste disposal company.

4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
Keep container closed tightly in a cool, well ventilated dry place.
Always keep in original packaging.
Shelf-life: 18 months.

5. General directions for use

5.1. Instructions for use

See "Authorised uses"

5.2. Risk mitigation measures

See "Authorised uses"

5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

See "Authorised uses"

5.4. Instructions for safe disposal of the product and its packaging

See "Authorised uses"

5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

See "Authorised uses"

6. Other information

Supplementary Hazard Information

EUH066: Repeated exposure may cause skin dryness or cracking.

Both the assessment report and the Biocidal Products Committee (BPC) opinion on Propan-2-ol propose this additional label phrase based on local skin effects and reactions that have been described for human individuals exposed to formulations containing propan-2-ol or to propan-2-ol dilutions. As propan-2-ol is present at a concentration of 70 % in the formulation, it is the opinion of the UK CA that the additional labelling phrase should be applied as a precautionary measure.

P240, P241, P242 and P243 are not considered necessary as the product is not so volatile as to generate a hazardous atmosphere.
