

Summary of product characteristics for a biocidal product

Product name: Method Anti-bac all purpose cleaner Wild Rhubarb

Product type(s): PT02 - Disinfectants and algaecides not intended for direct application to humans or animals (Disinfectants)

Authorisation number: NL-0030990-0000

R4BP 3 asset reference number: NL-0030990-0001

Administrative information

1.1. Trade names of the product

| |
|-----------------------------------------------------|
| Method Anti-bac all purpose cleaner Wild Rhubarb |
| Method Anti-bac Allesreiniger Wild Rhubarb |
| Method Anti-bac Nettoyant Multi-Usages Wild Rhubarb |
| Method Anti-bac Allesreiniger Wild Rhubarb |

1.2. Authorisation holder

| | | |
|-----------------------------------------------------|---------------------|-----------------------------------|
| Name and address of the authorisation holder | Name | EPC NV |
| | Address | Industrieweg 3 2390 Malle Belgium |
| Authorisation number | NL-0030990-0000 1-1 | |

R4BP 3 asset reference number

NL-0030990-0001

Date of the authorisation

07/07/2023

Expiry date of the authorisation

06/07/2033

1.3. Manufacturer(s) of the biocidal products

| | |
|----------------------------------------|-----------------------------------|
| Name of the manufacturer | EPC NV |
| Address of the manufacturer | Industrieweg 3 2390 Malle Belgium |
| Location of manufacturing sites | Industrieweg 3 2390 Malle Belgium |

1.4. Manufacturer(s) of the active substance(s)

| | |
|----------------------------------------|----------------------------------------------|
| Active substance | 1322 - L-(+)-lactic acid |
| Name of the manufacturer | Purac Biochem BV |
| Address of the manufacturer | Arkelsedijk 46 4200 AA Gorinchem Netherlands |
| Location of manufacturing sites | Arkelsedijk 46 4200 AA Gorinchem Netherlands |

2. Product composition and formulation

2.1. Qualitative and quantitative information on the composition of the biocidal product

| Common name | IUPAC name | Function | CAS number | EC number | Content (%) |
|-----------------------------|-----------------------------------------------|----------------------|------------|-----------|-------------|
| L-(+)-lactic acid | | Active Substance | 79-33-4 | 201-196-2 | 2,4 |
| Alkyl, C8-10, polyglucoside | D-Glucopyranose, oligomeric, C8-10 glycosides | Non-active substance | 68515-73-1 | 500-220-1 | 1,6 |
| Ethanol | Ethanol | Non-active substance | 64-17-5 | 200-578-6 | 4 |

2.2. Type of formulation

| |
|-----------------------|
| AL - Any other liquid |
|-----------------------|

3. Hazard and precautionary statements

| | |
|---------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Hazard statements | Causes serious eye irritation. May be corrosive to metals. |
| Precautionary statements | If medical advice is needed, have product container or label at hand. Keep out of reach of children. Keep only in original packaging. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if |

present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice.

Absorb spillage to prevent material damage.

4. Authorised use(s)

4.1 Use description

Use 1 - Disinfection of surfaces that do not come into contact with food and feed.

Product type

PT02 - Disinfectants and algacides not intended for direct application to humans or animals (Disinfectants)

Where relevant, an exact description of the authorised use

-

Target organism(s) (including development stage)

Scientific name:
Common name: Bacteria
Development stage:

Field(s) of use

Indoor

Ready to use products for the disinfection of non-porous surfaces without pre-cleaning that do not come into contact with food and feed. The products are intended for non-professional household application.

Application method(s)

Method: Spraying
Detailed description:
Coarse spraying by trigger spray on the surfaces to be disinfected.

Application rate(s) and frequencies

Application Rate: The products are ready-to-use and can be used on a daily basis. The product should be sprayed (approx. 56 mL/m²) on surface, left for 5 minutes to disinfect and wiped with damp cloth after contact time.
Dilution (%): 0
Number and timing of application:
As required.

Category(ies) of users

General public (non-professional)

Pack sizes and packaging material

490 mL; PET (transparent including UV filter) bottle, polyethylene trigger spray
828 mL; PET (transparent including UV filter) bottle, polyethylene trigger spray

4.1.1 Use-specific instructions for use

See general directions for use.

4.1.2 Use-specific risk mitigation measures

See general directions for use.

4.1.3 Where specific to the use, the particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

See general directions for use.

4.1.4 Where specific to the use, the instructions for safe disposal of the product and its packaging

See general directions for use.

4.1.5 Where specific to the use, the conditions of storage and shelf-life of the product under normal conditions of storage

See general directions for use.

5. General directions for use

5.1. Instructions for use

Do not use directly on or near food, feed or drinks, or on surfaces or utensils likely to be in direct contact with food, feed, drinks and animals.

Make sure to wet surfaces completely by spraying the product onto the surface to be disinfected. Leave wet for 5 minutes to disinfect and thereafter wipe off with damp cloth.

5.2. Risk mitigation measures

Avoid contact with eyes.
Wash hands after use.
Prevent contact of children with treated surfaces.
Keep away from food, drink and animal feeding stuffs.
If medical advice is needed, have product container or label at hand.
Keep out of reach of children.

Read label before use

5.3. Particulars of likely direct or indirect effects, first aid instructions and emergency measures to protect the environment

Most important symptoms and effects, both acute and delayed:

Symptoms/effects after eye contact: eye irritation.

Description of first aid measures:

IF ON SKIN: wash with plenty of water. Thereafter take off all contaminated clothing and wash before reuse.

IF SWALLOWED: Rinse mouth. Give something to drink, if exposed person is able to swallow. Do NOT induce vomiting. Call a POISON CENTRE or a doctor.

IF IN EYES: Rinse with water. Remove contact lenses, if present and easy to do. Continue rinsing for 5 minutes. Call a POISON CENTRE or a doctor.

IF INHALED: If symptoms occur call a POISON CENTRE or a doctor.

5.4. Instructions for safe disposal of the product and its packaging

Dispose of contents/container in accordance with licensed collector's sorting instructions.

5.5. Conditions of storage and shelf-life of the product under normal conditions of storage

Store at room temperature. Protect from frost. The shelf-life is 2 years.

6. Other information
